

Meeting place MEBA: More than sawing

Experience saws and workshop machines live.
We and our co-exhibitors look forward to your visit!

MEBAhighlights:

- All models from our series
- Mitre saws, double mitre saws, straight cut saws from manual to fully automatic
- Automation with MEBArobots
- Additive manufacturing with the MEBA3D saw
- Digitalisation with the NEW MEBAdashboard
- Free saw blade consultation for even better performance of your saw
- Accessories: material transport, measuring stops and much more

The programme of our MEBA in-house exhibition will be rounded off by very interesting co-exhibitors who will be focusing on the topic of the "workplace".
